

MUHAMMAD ZIA

Web UI Designer and Developer

OBJECTIVE

To Work as a Website User Interface Designer and Website Developer in a reputable organization where I could apply and excel my knowledge and skills.

OVERVIEW

Experienced in building web & graphics designs, at a software house where deployed original designs and prepared layouts for client-supplied visuals, samples and sketches. Leading to effective final products. Prepared digital artwork files to pre-press specifications.

Professional Goals include continuing to grow in leadership and knowledge, innovative technology application, interact and share with team members and colleagues, and creating dynamic designs and web layouts.
